

**This message contains important information provided by Public Health. Please read this carefully.**

**Danny Doolans Covid related incidents:**

Two separate customers have been confirmed as having COVID-19. The persons were infectious and visited Danny Doolans on Friday 7<sup>th</sup> January 11pm – 11:20pm and on Wednesday 12<sup>th</sup> January 9pm – 10:30pm.

**What do customers need to do:**

- Self-isolate, test immediately
- Please refer to the Ministry of Health location of interest for further information  
<https://www.health.govt.nz/our-work/diseases-and-conditions/covid-19-novel-coronavirus/covid-19-health-advice-public/contact-tracing-covid-19/covid-19-contact-tracing-locations-interest>

**Our premises are staying open**

Based on international and local evidence and experience, the risk of COVID-19 transmission is low at most places if safety measures are followed, such as masks. This means that it is no longer necessary for sites such as ours to close when a case has been identified as infectious on the premises.

**Please watch for symptoms of COVID-19**

If you develop any of the following symptoms, no matter how mild, ring Healthline on 0800 358 5453 or your doctor, and get tested. Healthline is a free, 24/7 service with interpreters available.

Common symptoms of COVID-19 are like those found with illnesses such as a cold or influenza. You may have one or more of the following:

- new or worsening cough
- sneezing and runny nose
- fever
- temporary loss of smell or altered sense of taste
- sore throat
- shortness of breath

Less common symptoms of COVID-19 may include diarrhoea, headache, muscle aches, nausea, vomiting, malaise, chest pain, abdominal pain, joint pain, or confusion/irritability. These almost always occur with one or more of the common symptoms.

Please contact the team Danny Doolans if you have any questions.
